FREQUENTLY ASKED QUESTIONS

WHAT QUALITIES SHOULD A JESTERS FRANCHISEE HAVE?

You will need to be motivated and excited to promote your products and inspire those around you. You not only need to love great pies and coffee, but be able to serve them efficiently to an increasingly busy consumer.

WHAT IS INVOLVED IN BEING A JESTERS FRANCHISEE?

Owning your own franchise is a hands-on job; from recruiting staff to serving customers, making pies to closing up at the end of the day. Not to mention stock ordering and doing wages, just to name a few. It's all part of running a successful business. Don't worry though, we are right behind you to support and guide you.

IS PURCHASING A FRANCHISE RISK-FREE?

Purchasing a franchised business allows new business owners to reduce risk when compared to purchasing an independent business. Franchising offers the opportunity to access management experience, training, marketing, supplier relationships and other benefits that come with an established franchise system. However, no business is without risk and it is important that all new franchisees take steps to educate themselves before making the decision to invest.

BEFORE ENTERING THE JESTERS FRANCHISE SYSTEM, SHOULD I SEEK INDEPENDENT ADVICE?

Under the Franchising Code of Conduct, all franchisors must advise a prospective franchisee that they should obtain independent legal, business and accounting advice. Jesters insists that these advices are obtained before we will enter into a franchise agreement.

DO I NEED PRIOR EXPERIENCE IN THIS TYPE OF BUSINESS?

While previous food experience is not seen as a necessity, a commitment to devote your full attention to the business is considered as essential. Applicants will need to be passionate, hard working and diligent, especially with regard to customer service, food preparation, OH&S and small business accounting.

WHAT IS THE COST TO OPEN A FRANCHISE WITH JESTERS?

Our franchise model is based on a 6% turnover royalty and 5% turnover advertising contribution. Establishment costs differ from site to site and range from \$250,000 to \$400,000*. (*Correct at time of printing)

WHAT WILL BE MY RETURN ON INVESTMENT?

Calculating the return on investment before a business commences is difficult because of the variables involved, and we can't guarantee a level of return. Jesters is committed to assisting its franchisees establish and grow their business. The profitability of a business however is often reliant on the commitment and contributions of the owner.

DO YOU HAVE OPPORTUNITIES FOR MULTI-SITE DEVELOPMENT?

Yes. We have several franchisees who own more than one store. We prefer franchisees to commence with one store and grow to multiple sites, but for exceptional candidates we will discuss a development territory.

WILL I BE ABLE TO SELL THE BUSINESS IN THE FUTURE?

Yes, the franchised business is yours to sell. The franchise agreement sets out the requirements for a sale, and the prospective buyer will need to go through our standard recruitment and selection process.
